Scratch Resistance

The extraordinary
glazing fired under highly
controlled conditions
ensures strong resistance
to scratches and abrasions.

Advanced technology
and process used for
tempering ensures far
greater resistance to
impact and thermal shock
to make Diva range safe
to use in the dishwasher.

Super Light

The European technology
used to craft these
products ensures much
lighter and significantly
thinner wares with almost
zero surface porosity.

100% Hygienic

The special glaze fired
at high temperatures
not only gives all our
products a smooth and
polished finish, but also
ensures a non-porous
surface for higher levels
of hygiene.

breakage, Diva tempered
opal glassware shatters
into harmless fragments,
in contrast to the
annealed glassware.

Microwave Safe

All our range of products
are completely safe to
use in the microwave.

Super white

Enhanced whiteness is an
outstanding feature with
the Diva collection. We
use the finest quality of
chemical components to
enhance the subtle glow
of opal, making it whiter
than ever.

In comparison to normal
annealed glassware,
the Diva tempered opal
glassware has greater
resistance to impact and
have a longer usage life.
